## ALLEGED DAYTONA BURGLAR ARRESTED

DEPUTY SHERIFF CALLED TO  
THAT CITY BY TELEPHONE  
DEPUTY SHERIFF A. P. GORE  
JACKSONVILLE TODAY TO SE-  
CURE MAN THOUGHT TO BE  
IMPLICATED IN ROBBERIES

Deputy Sheriff A. P. Gore went to Jacksonville on the early morning train to get a negro, now in the custody of the Jacksonville police, thought to be implicated in the robberies committed in this city and vicinity last summer.

Some weeks ago Mr. Gore gave a Jacksonville paper a notice of the arrest of a negro, by the name of Edward McDonald, who had in his possession a diploma issued to Mrs. Emma A. Freeman, of Daytona Beach as a graduate in French, together with other articles supposed to have been taken from houses in this vicinity.

Mr. Gore communicated with the authorities in Jacksonville and as a result received a telegram yesterday from Chief of Police Vinzant of that city, informing him that the negro's period of service for which he was sentenced would expire today. Mr. Gore wired that he would be in Jacksonville today and left on the morning train for that city, expecting to return this afternoon or tonight with the alleged burglar.

It will be remembered that during the series of burglaries last summer the home of Mrs. Freeman at Daytona Beach was entered and a pocket book, containing some money and papers, was stolen and this certificate, or diploma, seems to have been included among the papers.

## TWO MEN IN CUSTODY ON GRAFT CHARGES.

COLON, Dec. 24—Following an investigation of the charges of graft in the government commissary department two men have been placed under arrest. It is said the government has been robbed of hundreds of thousands of dollars worth of supplies.

## TWO COMPANIES FAIL; HEAVY INDEBTEDNESS.

RANDLEMAN, N. C., Dec. 24—The Randleman Manufacturing Company and the Naimo Falls Manufacturing Company both failed today and receivers have been appointed. The cause of the failures is attributed to the depression in the cotton milling business. The total indebtedness is placed at \$800,000.

## BURGLAR IN JACKSONVILLE.

PROMISES  
FOR CARS  
FULFILLED.

ENTRIES FOR RACING MEET  
WILL BE MADE BY MAKERS.

MANUFACTURERS WIRE LOCAL  
MEN THEY WILL CARRY OUT  
ORIGINAL PROMISES MADE TO  
MR. MOROSS.

Questions of whether the fastest and best automobiles can be expected as entries in the proposed race meet is held on Daytona beach next spring have been effectually answered by telegrams from the manufacturers in reply to inquiries sent out from this city.

At the meeting held at the automobile club house last Tuesday evening Promoter E. A. Moross stated that he had promises from the manufacturers and drivers of some of the fastest cars in the world to enter in a beach meet in Florida this winter, if one could be arranged, and his promises have been borne out in the telegrams received here from the manufacturers of these cars.

Among the messages received promising cars for entries in the races here is one Lozier, two or more Buicks, one Marmon, one or more Fords and one or more Hudsons. Replies have not yet been received from the Benz, Fiat and National, all of whom have promised entries to Mr. Moross, and from the character of the replies already received there is now no doubt in the minds of the local people that Mr. Moross will be more than able to carry out his agreement to furnish at least 20 high class racing cars for the meet.

Fearing that Daytona would be the first on the ground and secure the dates of the last week in March Jacksonville has already wired for a sanction for those dates from the American Automobile Association and the contest board will be called upon to decide which place shall have the meet.

Prospects for the meet on Daytona beach have been looking more favorable since yesterday and the local enthusiasts are still hopeful the events can be arranged.

## FAMOUS DETECTIVE DIES AT ATLANTA.

ATLANTA, Ga., Dec. 24 — Bill Jones, or "Swamp Fox," the private detective who has been famous for more than 40 years, died here this morning.

## WAR WITH JAPAN THREATENS TO HOLD THE PHILIPPINES.

INVASION OF THE ISLANDS  
MAY BRING INVASION HERE.

JAPS SAID TO HAVE ESTABLISHED SECRET WIRELESS STATIONS FOR COMMUNICATION WITH MAINLAND.

NEW YORK, Dec. 24—According to stories in circulation here today, which are said to be based on authentic reports received from the Philippines, the Japanese are now practically in control of the Philippine islands. They are said to have set up a secret wireless station in the northern part of Luzon, and according to army officials who have recently returned and letters received, it was on this information that Secretary of War Dickinson and General Wood based their recent report of warning. The information points to the fact that the Japanese are preparing to take over the Philippines, and this must certainly be resented by force of arms.

## CUBA EXPECTS REVOLUTION; WAR CAN NOT BE AVERTED.

Christmas Eve  
**DEC. 24**  
A Merry Christmas to All Our Readers

PLOTS AGAINST PRESIDENT;  
ARMS STORED IN FLORIDA.

CABLEGRAM FROM THE ISLAND SAYS AN UPRISING WILL OCCUR SOON AND THAT REBELS ARE PREPARED.

NEW ORLEANS, Dec. 24—A cablegram received today from Cuba says a revolution in the island can not be averted.

It declares the Rebels have been plotting against President Gomez for some time and have a large stock of arms stored in Florida ready for transportation to Cuba and that supplies of ammunition and weapons have been placed at various points all over the land ready for use at the signal of an uprising.

## SIX KILLED; FORTY HURT IN SMASHUP.

FAST TRAINS IN COLLISION  
ON THE PENNSYLVANIA ROAD.  
EXPRESS AND PASSENGER TRAINS RUNNING AT SPEED OF A MILE A MINUTE CRASH INTO EACH OTHER.

UPPER SANDUSKY, O., Dec. 24—Six people were killed, one fatally and more than forty seriously hurt this morning when the westbound "Chicago Special" and an east-bound express crashed into each other eight miles east of here on the Pennsylvania road this morning. A freight wreck earlier had blocked the westbound track and the two trains were both using the other track when the engines met with terrific impact. One train is said to have been going at a speed of a mile a minute.

## FOUR PLUNGED TO DEATH AT BOTTOM OF MINE SHAFT.

BUCKET OVERTURNS IN DESCENDING SHAFT AND BODIES OF THE MEN ARE HORRIBLY MANGLED.  
BECKLEY, W. Va., Dec. 24—Four men were plunged five hundred feet down a mine shaft to death today when the bucket in which they were being lowered to the workings overturned as it was going down the shaft of the New River colliery at Eccles. The bodies of the men were horribly mangled when the bucket struck the bottom of the shaft.

## CECIL GRACE IS DROWNED THE BELIEF.

AEROPLANE FOUND IN SEA;  
NO TRACE OF THE AVIATOR.

ENGLISH AVIATOR STARTED TRIP ACROSS ENGLISH CHANNEL THURSDAY AND HAS NOT BEEN SEEN SINCE.

AMSTERDAM, Dec. 24 — Cecil Grace, the English aviator, has probably been drowned in the North Sea. It has been reported here today that an aeroplane has been picked up in the North Sea and this is believed to be the one in which Grace flew across the English channel Thursday. Grace made the trip across the channel from Dover to Calais in safety and started for Paris. His motor failed to work properly and he abandoned the trip to Paris and started on the return trip from Calais to Dover. Since that time nothing has been heard of him.

MOISSANT MAKES FLIGHT AT NEW ORLEANS MEET.  
NEW ORLEANS, Dec. 24—John Moissant, the American aviator, made a spectacular flight over the city today.

1 GRAND RAPIDS CAR Leaves  
Jacksonville Mondays and Thursdays  
T. B. WALKER, Fla. Pass. Agt.  
118 West Bay Street  
Jacksonville, Fla.

By L. C. DEMAREE.  
One of Daytona's crowning glories is her incomparable beach. No one who has ever set foot upon its smooth, packed sands; no one who ever pedaled a bicycle over its expanse; no one who ever drove a quacking pair of horses and listened to the popping of their steel shoes upon its asphaltum-like face; no one who ever steered a high-power automobile down the broad stretch of wave-washed and surf-packed sand but realized that it is a world beater, a world-wonder. Go stand upon this wide speedway and see the happy souls sit by in joyous mood, and answer whether this is not one of the seven modern wonders.

The Placid, Pelucid Halifax River. Where think you is water with more picturesque surroundings? Nearly a mile wide, fringed with tropical vegetation, artistic cottages with roomy verandas looking out upon her bosom gamay food fishes in countless numbers beckoning, as it were, to those with rod and reel; her bosom flecked with duck and coot and snowy-winged sea birds, which sit about as if for the sport of bobbing upon the waves; watch that lubberly old white headed pelican pouch a fat mullet, and that fish hawk struggling upward with his floundering load he snatched from the water.

See the beautiful launches, spick and span, with hampers and lockers bulging with refreshments, both solid and liquid, ready for a cruise upon this beautiful surface. Take out your field glass and sweep the river from Ormond bridge to Ponce Park light house, then say whether the Halifax isn't a thing of beauty and a joy forever, and one of the modern wonders.

The Enchantingly Picturesque Ridgewood. Ridgewood avenue is upon the crest of a broad ridge, straight as the crow flies and the wide spreading branches of the heavy-trunked live oaks extend their giant arms across the magnificent vista, forming an arch, and from these extended arms great festoons of Spanish moss sway as the trade winds from the tropic seas fan them. Looking straight ahead down this white shell street one has the impression of a fairy path with white draperies, but as you move along and cast an eye first to the right and then to the left you see distinguished cottage homes in the most delightful settings.

See the glistening leaf of the grand magnolia which nature has varnished as no artist's brush ever could; and the cabbage palms with their burdens of showy fruit and swaying palms; see the lovely holly with its exquisite berry; see the climbing vines run riot in the trees; see the cryptogamous forms which gain a foothold on the great oaks and stately palms, and surely you will join in the chorus and say that this is a world wonder for beauty.

Surpassing Beauty of Our Cottage Homes.

No one of Daytona's attractions, perhaps, commands more nearly universal attention and praise than does the artistic cottages. The owners of these charming villas hail from every corner of the country and they bring their own architectural plans and build upon them, and, as the architecture of one section of the country differs from the architecture of another so do our homes differ in outward appearance and structural beauty from one another. There are no monotonous rows of strikingly similar buildings but the eye, as it sweeps by, is treated to a kaleidoscopic change which keeps the mind wondering, "What next?"

It is not only the exterior of many of these homes which rivets attention; within they are models of convenience, and the finishing and furnishing give evidence of the elegance and cultivation of those who worked it all out. Indeed, it is the interior arrangement and artistic furnishing and shading, more than the exterior appearance that gives a surpassing charm to Daytona homes. This feature justly merits prominence as another wonder.

Streets and Pavements the Most and Best.

Why the Architect of the Universe chose to give Daytona the most admirable, the most picturesque natural setting of all the cities of the South is not revealed, but that such is a

fact must be apparent to the most superficial observer. With such lavish wealth of natural beauty it became an easy thing for the hand of man to give the finishing touches which have wrought out the colors and outlines of the big picture.

Man did all this in the laying out of the streets with their wide margins of parkage. The entire city becomes a great park, with driveways intersecting, miles upon miles of driveways so good as to attract motorists from all over the continent.

And as for the pavements, pavements that look and act like granite—where else between the eastern and western seas are so many miles in proportion to inhabitants? The pavement question stands with the street as one of the chief drawing cards. Till some unheard of place reports more and better, Daytona throws down the gauntlet to the world.

Squirrels, Flowers, Birds and Fruit. Whatever one's shortcomings and however indifferent or even callous one may be to many things, the mere mention of "flowers and squirrels, birds and fruits" will send a thrill that is reflected in distended pupils and pricked ears.

For every visitor with a spare goober there is a bunny ready to come and accept your gift. He will sit bolt upright and know into the meat, casting furtive, saucy glances at you meanwhile.

Flowers. Usually fresh and blooming the year 'round, you are reminded of Goldsmith's couplet where Smiling spring its earliest visit paid And summer's lingering blossoms are delayed.

In one yard roses of variegated hues predominate; another household has a penchant for the poinsettia and the premises are aflame; another is hidden in a jungle of tall cane. Variety is the spice of life and here is where you find it.

The birds flit in, and with their joyous notes help to give fullness and symmetry to the picture.

As for fruits, choice citrus fruits, Daytona yields the palm to none for quality and quantity per acre. There are scores of citrus groves in proximity to the city, branches bending to the earth with their burdens of luscious golden globes, which for beauty, prolificacy and all desirable qualities would truly astonish you.

The Fastest Autos and The Finest Out.

The seventh wonder, do you ask? Come, whether from Missouri or from Maine, from Kalamazoo or Timbuctoo, and you will be "shown." Here is where the world's record for speed is broken with every recurring season. Autos, the biggest, the fastest, and the finest are on daily parade and the big show is as free as the pure artesian water from the thousands of flowing wells. It is a continuous show with a constantly shifting scene.

Everything goes, from a 2-horse power up to a 200-horse power, and all degrees of speed from a canter to a two-mile-a-minute clip. You will probably catch the spirit, when you do the roads and the beach are yours. The Florida sunshine is free, the balmy ocean breezes are free, the birds and squirrels and flowers are free, the sparkling fountain water is free and you will have to go down into your wallet only for coin for auto, and bed and board.

This is no fanciful picture; it's all here. It is drawing other thousands and holding them enthralled, it will charm and hold you. Come and see.

Frederick the Great's Joke. Among the embellishments which Berlin owes to Frederick the Great the "new palace" is the most conspicuous. This magnificent building was erected, it is said, to show Frederick's enemies that his many wars had not exhausted his exchequer. And further to show his contempt for the countries which had sought to crush him at the top of the cupola he placed a group of three women dancing together, the figuring representing Catherine the Great, Maria Theresa and Mme. de Pompadour. The wrath of the two empresses was unbounded at finding themselves depicted in such an attitude and such company, so Frederick was able to congratulate himself on a thoroughly successful joke.

His Queer Way. Little Girl—Mother, is Uncle John deaf? Mother—No, dear. Why? Little Girl—Every time he gives me 5 cents he says, "What do you say?" and I'm never saying a word.—Metropolitan Magazine.

LAKE HELEN  
Surrounded by several pretty lakes and guarded by lofty pine trees is Lake Helen, a winter resort of no little importance. Camp Cassadaga, a spiritualistic camp-ground is situated near Lake Helen and at this place several hundred people make winter headquarters. A large lumber mill and the largest brick plant in the South are located at Lake Helen.

ORANGE CITY  
The principal attraction around Orange City is the many handsome golden orange groves. The town is supplied with water said to be the purest in the world, another attraction to visitors. It is at Orange City that passengers over the Florida East Coast Ry. transfer to carriages and drive to Deland. The town is surrounded by land peculiarly adapted to the cultivation of citrus fruits.

J. M. SHEELEY—A bunch of green carnations.

COL. C. M. BINGHAM—Fifty couples anxious to marry.

J. L. WALLACE—Some new persons to whom to tell his "stories."

W. M. HANKINS—Another drug store.

POSTMASTER SMITH—Some additional lock boxes for the postoffice.

GEO. A. MAIN—A water softening plant.

DR. E. L. STEWART—A system of sewerage for Daytona.

Re M BOND—An automobile speed test.

HUNTING PARTY RETURNS WITH A FINE DEER.

Messrs. Wiley Melton, Frank Hull and T. O. Melton returned yesterday afternoon from a hunting trip to Whoooping Island, west of Oak Hill, bringing with them a fine doe, shot by Wiley Melton.

The party was out for three days, but really enjoyed only one day of hunting as they became separated from their dogs and for two days did not see them.

T. O. Melton says there was no scarcity of deer, apparently, for he saw five of the animals within a period of three hours, but they were all out of gun shot.

W. O. W. WILL HAVE OYSTER SUPPER AT SPECIAL MEETING.

At the regular meeting of Daytona Camp, No. 27, Woodmen of the World held last night in the Masonic building, it was decided to hold a special meeting the first Friday night in January to attend to some necessary business and include an oyster supper for refreshment.

J. D. C. MORRIS—A set of plans for the Biko's home requiring no work from the building committee.

LOUIE ADLER—Another automobile to raffle.

E. L. POTTER—An order for good weather January 2.

W. S. SNEAD—A couple more opera houses to manage.

HENRY T. TITUS—More holidays for Sunday attractions.

H. C. F. DOHM—A telephone at the passenger depot.

MARSHAL GORE—Some Christmas drunks to "pinch."

GEO. F. CROUCH—A few more members from whom to collect dues.

J. H. DONNELLY—Another bloodied show horse.

G. B. SEAMAN—Another petition to run for mayor.

F. N. CONRAD—Another bank building.

M. B. AULTMAN—More domesticated turkeys to shoot.

VOLUSIA COUNTY BANK PAYS GOOD DIVIDEND.

Volusia County Bank directors, at their regular monthly meeting on the 13th, declared a dividend of 15 per cent. besides leaving a balance of several thousand dollars, which will be turned into the undivided surplus fund. Volusia County people are very proud of the Volusia County Bank, which, with its branch, the Merchants Bank of Daytona, has deposits aggregating nearly \$900,000.—DeLand News.

Trousers In England.

Strange though it may appear to the present generation, it seems that trousers when first introduced into England were regarded as anything but a mark of respectability. In the original trust deed, drawn up in 1820, of Bethel chapel, Cambridge street, Sheffield, there was a clause containing the following prohibition: "Under no circumstances whatever shall any preacher be allowed to occupy the pulpit who wears trousers." It is scarcely necessary to add that knee breeches and gaiters were then the correct attire.

Terrible Looking Edifice Erected by Ivan the Terrible.

One of the most extraordinary and fantastic Christian places of worship in the world is the Cathedral of Moscow, known as Vasil Blajenni, strange not only in outline and conception, but even stranger in its history. No one knows the architect's name, but the story goes that the czar ordered his eyes to be put out directly the church was completed, so that he should never be able to surpass his work. The idea of the building was inspired by the wickedest and maddest monarch who ever sat on a throne—Ivan the Terrible, czar of Muscovy.

The architecture is in every respect extravagant and barbaric, and the coloring is garish to the extreme. It has nine chapels, roofed by nine cupolas, each different and each stranger than the other. One resembles a pineapple, another a melon, a third is said to ape a hedgehog in its appearance, and the rest are more or less grotesque. Some are gilt; others are painted in brilliant hues. Indeed, the only description is that it is a nightmare of a church, the fitting legacy of a ruler who grilled his counselors in frying pans and clothed his subjects in bearskins in order that trained dogs might worry and tear them to pieces.—Strand Magazine.

A King's Hobby.

The late king of Siam had an extraordinary hobby—that of collecting empty matchboxes of all nations. In this connection an interesting story is related. During one of his visits to England the king while passing down Bond street one afternoon, accompanied by two members of his suit, espied an empty matchbox which had been discarded by its owner and thrown away into the middle of the thoroughfare. Without a moment's thought the monarch dashed into the middle of the crowded traffic, grasped the much coveted treasure and was nearly run over by a passing cab. The fact, however, that he was able to add a new specimen to his collection gathered under such circumstances more than compensated him for the risk which he had run.—London News.

Gothic Architecture.

Gothic architecture began about the ninth century after Christ and soon began to spread all over Europe. Its great feature is the pointed arch, and it was at first called the "pointed style." Most of the glorious old world cathedrals are in the Gothic; and it is generally conceded that for religious purposes no other style of architecture is so perfectly suited. It has been said that the first idea of the Gothic was suggested by the interlacing boughs and trunks of the great woods in which German Christianity was formed; hence the name Gothic.

## PLUGGER IS STUCK IN SANDS

### TRAVELING CAR IN TROUBLE HAS A BROKEN REAR AXLE

DRIVERS STILL HOPE TO REACH  
JACKSONVILLE TONIGHT AND  
SAVANNAH BY CHRISTMAS  
NIGHT.

The Regal Plugger, the automobile which has been traveling almost continuously since July 5, 1909, and has covered almost 40,000 miles in its trips across the continent and through many of the states, had its first real experience with the Atlantic ocean quicksands this morning and as a result has been laid up for repairs in the Central Auto Garage most of the day.

The Plugger became stuck in the sands just above the Clarendon and remained stuck for some time before sufficient help could be gotten to the scene to pull the machine out of its position. After it had been extricated the rear axle was found to be broken and the work of putting in a new axle was started at once as the machine in due in Jacksonville Sunday morning to start the final lap of its run to Savannah and arrive there by Christmas.

The Plugger arrived here Friday about noon, just one week after leaving the city for Miami. When the noted automobile arrived here last week Friday the driver was carrying out original plans to make the run down the State from Jacksonville to Tampa, back to DeLand, across to Daytona and down to Miami. By the time Daytona had been reached, however, such discouraging reports of road conditions south of here were received Messrs. Riggs and Sherer decided to abandon the remainder of the trip south.

Leaving Daytona for Jacksonville it was decided, finally, to make the run south and the car was headed for Miami. The run to Miami and back has occupied just a week and the two men in the machine experienced some difficulties on the trip. Part of the run was made through swamps and woods without signs of road, while part of the journey had to be made on railroad ties.

On the way to Daytona Thursday the machine went over an embankment, but was not seriously damaged. It arrived in this city at noon Friday and remained over night. Saturday morning the trip to Jacksonville was resumed and the start was made up the beach. Just above the Clarendon the driver drove the car down into the surf and stopped for Mr. Riggs to take some pictures, not knowing what would result from allowing the car to stop in the quicksands.

When an effort was made to start the sands held the wheels fast and it was utterly impossible to budge the auto. After several ineffectual attempts a call for help was gotten to Daytona and H. W. Dunklee, with his Reo car, hurried to the aid of the Plugger. By the time Mr. Dunklee arrived the waves were breaking clear of the Plugger and the problem of extricating the machine was a difficult one.

By hard and fast work the Plugger was pulled out of the sands and up onto the dry beach, where it was found the rear axle was broken and the plan for continuing the trip to Jacksonville must be temporarily abandoned.

The crippled car was brought to the Central Garage for repairs, this work being pushed as rapidly as possible. Messrs. Riggs and Sherer are both anxious to complete the trip back to Savannah by Christmas, according to the original plans, and in order to do this must make the run to Jacksonville yet tonight. By getting a good start from Jacksonville tomorrow morning they can finish the run to Savannah tomorrow and be home by Christmas night.

When he car arrives in Savannah it will have covered a total of 40,000 miles in actual traveling since it started nearly 18 months ago.

### A COAL MINE ON

### THE OCEAN BEACH.

PARTIES FROM THIS CITY ARE  
LAYING IN A SUPPLY OF FUEL,  
CAST UP ON OCEAN BEACH  
BY THE WAVES.

The ocean beach is strewn for miles with coal of all kinds, the result of some disaster at sea. It is especially abundant some five or six miles south of this city and quantities from this place are making regular trips to this mine of fuel, bringing quantities of it home for use in their stoves and furnaces.  
It is truly "an ill wind that blows nobody good" and coal has been as scarce as hen's teeth here much of the time this winter, because of the continuous cool weather.

Owing to the receipt of important telegraphic news the article on the public school entertainment and flag presentation is held over until the next issue, Tuesday.

C. J. Pannill, general superintendent of the United Wireless Company arrived yesterday from New York to install the wireless station at the Clarendon Hotel. Mr. Pannill is accompanied by his wife and they are guests of The Hamilton, on South Palmetto avenue.

CURRIER  
FLORIDA  
LANDS  
NEW SMYRNA  
FLORIDA  
M. LEIDERSDORF  
Resident Agent  
Town and  
Country  
Property

NEW SMYRNA is situated fifteen miles south of Daytona and is an ideal spot reached from Daytona by a hard surface road winding through one of the most picturesque parts of Florida.  
With its ancient ruins dating back to a time when the history of man runneth not, interlaced with wires of the modern telegraph and telephone, its miles of shell streets as hard and smooth as a floor and over-arched by hoary forest giants that grew in stately grandeur during the lapse of bygone centuries, New Smyrna is truly a place of romance and rest.

All nature here is very inviting to the tourist and pleasure-seeker. Here too is to be found the best fishing and hunting in the state of Florida.

The people are thrifty, the business men enterprising, and all unite in extending the welcome hand of hospitality to strangers. There are five church edifices for white people and an equal number for the colored population; the town has an excellent high school, a splendid public library, and up-to-date business houses.

There are any number of pretty homes for the permanent population, which numbers close to 2,000, and some very fine winter residences. There are good hotels and boarding houses where you can find accommodations to meet your requirements.

Adjoining New Smyrna is as fine a section of vegetable land as can be found anywhere. This land has been divided into small farms which can be bought at reasonable prices. Some of the finest celery grown in the state is raised on this land. All other vegetables grow in abundance, and here, too, is the home of the famous Indian River.

## EAST COAST TO ANSWER COMMISSION.

DISCRIMINATION CHARGE MADE AGAINST RAILROAD.

CITED TO APPEAR JANUARY 5 FOR INQUIRY INTO RATES ON HOTEL SUPPLIES AND PERISHABLES.

The Florida East Coast Railway Company has been cited to appear before the Florida Railroad Commission to answer charges of discrimination in the matter of rates on hotel supplies. The official notice of the commission follows: The Railroad Commissioners of the State of Florida to Florida East Coast Railway Company:

Take notice that on January 5, 1911, at 11:00 o'clock a. m., we shall hold a meeting at our office in the City of Tallahassee to hear and consider whether or not you are making an unjust discrimination in your rates, or charges of toll, or compensation, for the transportation of perishable hotel supplies on your line of railway in this State as between individuals (intending thereby to include corporations), or as between classes of shippers, or of consignees, or as between localities, or all of them, in violation of Section 2389 of the General Statutes of the State of Florida by putting into effect and operation your Rate Issue No. 1103, entitled "Freight Tariff on Perishable Hotel Supplies, viz: Packing House Products, Dairy Products, Fruits and Vegetables," issued November 23, 1910, effective December 1, 1910, and charging the rates and performing the services for certain individuals or classes as prescribed therein.

Witness the hand of our Chairman affixed in open session of our Board at our office in the City of Tallahassee this 20th day of December, A. D., 1910. R. HUDSON BURR, Chairman.

GOOD CROWD SEES GERMAIN; ENTERTAINMENT PLEASURES.

GOOD PROGRAM OF MAGICAL MYSTERIES USHERS IN THE LYCEUM COURSE AT THE DAYTONA THEATER.

The season's course of lyceum entertainments, which will be given in the new Daytona Theater this winter, was begun with the program of mystery and magic by Germain and company last evening and the entertainment was a pleasing one for the large number of people who attended the show. In fact the entertainment was much better than had been expected by most people, and, as a forerunner of the entertainments to follow during the winter, gives the idea the people of Daytona may expect in the line of lyceum entertainments this season.

Germain introduced a number of tricks and feats of magic entirely new to the people here and the program all through was really first class.

Col. and Mrs. W. M. Shaffner and Mrs. Katherine Frink go to Orlando today to spend the holiday week.

Miss N. E. Gates arrived recently from Hamilton, Ontario, Canada, and will assist Mrs. S. M. Ryan in Clark's millinery store on the Shell Boat during the season. Miss Gates has friends in this city from Hamilton, among them the Cowan family.

Getting Into a Scrape. Many years ago the wild deer that roamed through the forests of England used to dig holes in the earth with their forefeet. They pawed it out sometimes to the depth of several inches, sometimes a foot or more. These holes were called "scrapes," and travelers at dusk or night or those who were careless about their footing often tumbled into them. They were laughed at for their heedlessness when they came home covered with mud, and as this frequently occurred after they had been imbibing a bit they were said to have "got into a scrape." Some Cambridge students took up this expedition, and thus it came to be applied to people who had got into difficulties of various sorts.

The Great Chain. The "great chain," the links of which were two and one-half inches square and one foot long, each link weighing 140 pounds, was stretched across the Hudson river at West Point, just below Fort Clinton, May 1, 1773, to prevent the British warships from ascending the river. The total weight of the chain was 130 tons, and its length was 450 yards. Parts of it are still preserved at West Point.

## ACCIDENT IS FATAL.

R. S. FOWLER PASSES AWAY AS A RESULT OF INJURIES.

CAME HERE TO RECOVER FROM INJURIES RECEIVED WHEN MACHINE SKIDDED IN OHIO SIX WEEKS AGO.

As the result of an automobile injury, received six months ago in the city of Dayton, Ohio, R. S. Fowler, aged 44, died at Ponce Park Thursday afternoon, the injury baffling the efforts of a number of skilled surgeons and physicians and even the change of climate from Ohio to sunny Florida not resulting in the hoped for return to health.

The injury to Mr. Fowler came from the skidding of his machine on a railroad track, when he, as driver, was thrown against the steering wheel, one or more of his ribs broken and one lung lacerated. Following this he was attacked with bleeding in the lungs, from which he was unable to get permanent relief and was brought to Florida in the hope that the change of climate would be beneficial.

He arrived at Ponce Park several weeks ago and for a time after he came here his condition improved rapidly. In fact he seemed to be enough better so that hope was entertained he could soon be taken back to his home in Ohio, but about a week ago there came a serious change for the worse and he declined rapidly until death came Thursday.

Mr. Fowler was connected with the Stoddard-Dayton Auto Company at Dayton and was accompanied here by his wife and two children, one a daughter, four years of age and the other a son ten years old. Mr. Fowler and her children accompanied the body north today. They were also accompanied by a nephew, Fowler Parrot, of Dayton, Ohio, who came here in response to a message telling of Mr. Fowler's death.

TWO HOLIDAY DINNERS AT LEADING HOTELS.

Practically all of the leading hotels of the city will serve extra dinners tomorrow because of the fact that Christmas comes on Sunday, the regular Sunday dinner being enlarged to take in the holiday occasion.

In addition to the big Sunday dinner another Christmas dinner will be served Monday, which is recognized as a legal holiday in this State this year, and which will be observed by many people as the real holiday occasion.

NO CHANCE FOR NEW TRIAL FOR MAN NOW SENTENCED.

JOSEPH WENDLING MUST SERVE LIFE FOR MURDER OF LITTLE ALMA KELLNER OVER YEAR AGO.

LOUISVILLE, Ky., Dec. 24—Judge Gregory in the criminal court here today overruled the motion for a new trial for Joseph Wendling, who has been sentenced to life imprisonment for the murder of Alma Kellner over a year ago.

### FITZGERALD & OATES

**LAWYERS**  
 Daytona, Fla.

The beach has a width of 300 to 500 feet and can be used from two hours after until two hours before high tide, thus giving an average of seven or eight hours for automobile driving some part of each day.

Seabreeze and Daytona Beach each have a permanent population of approximately 1500. Sanitary ordinances are strictly enforced, streets and sidewalks are well kept, and new streets are being opened as fast as the increasing population demands. Besides hotels and boarding houses there is ample cottage accommodation for all winter visitors in both towns.

All the attractiveness of Seabreeze applies to Daytona Beach, the two towns being so similarly situated. The development of Daytona Beach has been fully as phenomenal as its sister on the north, and each year there is a substantial growth. The great sand dunes have been leveled and handsome homes have been built for both winter and all-year-round occupancy.

## Gazette News Office.

There is an average of about one cow to every five persons in the United States.

Diamonds and laces run a close race with tobacco and liquors in popular favor as measured by the value of their

It is said in Paris that the French government is a victim of a "war of nerves" and that it enjoys the distinction of owing more money than any private person in France.

Senator Depew is seventy-seven years old. He will be succeeded by a Democrat as the outcome of the election. Senator Depew says he is glad to retire.

Dr. Alfonso Costa, the minister of justice in the provisional republican government, is considered the most brilliant republican orator and the best lawyer in Portugal.

"Our luckiest peer" is a title bestowed upon the Marquis of Butte. At the age of twenty-eight he is one of the richest men in the United Kingdom, his annual income being estimated at more than \$1,000,000.

Robert T. Lincoln of Chicago, son of Abraham Lincoln and president of the Pullman Car company, has leased a house in Washington. Since his term as secretary of war expired in 1895 Mr. Lincoln has made only occasional visits to the national capital.

Ernest Rutherford, professor of physics in the University of Manchester, is the highest living authority on radio-activity. He is credited with the discovery that all matter in its ultimate constituents is the same, and many of the problems of arrangement and combination have been solved by him. Professor Rutherford was born in New Zealand in 1871.

### The Writers.

Mrs. Lionel Marks, known in literature as Josephine Preston Peabody, is the mother of two charming children, which is as much a matter of pride with her as her success as an author.

Mrs. Elmer Glyn, the author, is in private life Mrs. Clayton Glyn, the wife of an English squire and justice of the peace. She is described as tall and slender, with a very white face surrounded by masses of auburn hair.

Maurice Maeterlinck, one of the foremost writers of prose and verse in the French language, can have a seat among the forty immortals of the French academy for the asking, but he must first become a French citizen. He is by birth a Belgian and loves his country. His compatriots urge him not to abandon Belgium.

### Short Stories.

There is an average of about one cow to every five persons in the United States.

Diamonds and laces run a close race with tobacco and liquors in popular favor as measured by the value of their

### Aerial Flights.

Aviation has one advantage over other modes of travel—you can always be sure of making good time on the return trip.—Boston Transcript.

Aviation is said to produce irritability and nervousness. It is at least true that too many aviators are falling out of St. Louis Globe-Democrat.

Plenty of ordinary people have garages now, but only a few of us are able to point with pride to our hangars.—Chicago Record-Herald.

### Tales of Cities.

There are nineteen cases of duplicate street names in the city of Manchester, N. H.

A number of apartment houses of four or five stories, with basement rooms two to four stories below the street level, are being built in Amsterdam, Holland.

San Francisco luxuriates in salt water baths away from the sea. Private houses have salt plunges, and there are a number of public bath houses fed with sea water.

### Illustrated Novels.

"Robinson Crusoe" was the first novel with illustrations ever published in England. This was in August, 1719. The illustration was a map of the world.

### The Silver Bridge.

One of the customs observed at a Bohemian marriage feast is that of making the bride cross a silver bridge. The bride's father-in-law lifts her on to the table, where she walks on two rows of silver coins, at the end of which her husband stands and receives her into his arms. The silver bridge typifies the wealth with which her bridegroom hopes to smooth her path in life.

### Otters.

The scent of an otter is conveyed to the pursuing hound while under water by the "chain" of bubbles which mark its devious course.

### Testing Eggs.

Uncle Sam's way of testing eggs is to drop them into a 10 per cent salt solution. The strictly fresh drop immediately to the bottom, while those that are stale float gayly over the surface.

### South Africa.

South Africa is of volcanic origin, and the land in the vicinity of Kimberley is so sulphurous that ants cannot exist upon it.

### Battle of the Marston.

The battle of the Marston was fought at Amsterd., 1672. The commanders present were Frederick, Prince of Austria and Alexander of Russia. Over 170,000 men were engaged in the battle, and of the number 23,000 were killed or wounded, or 13 per cent of the whole.

### Suspension Bridge.

It took sixteen years to build the first Brooklyn bridge, but immediately larger suspension bridges can now be constructed in from four to five years.

### Girls in Vienna.

The girls of Vienna are kept at their studies until they are fifteen years of age. Then for two years they are taught housekeeping and the duties of the kitchen under an experienced housekeeper.

### The Largest Tenement.

The largest tenement house in the world is the Freihaus, in a suburb of Vienna, containing 1,500 rooms, divided into upward of 400 separate sets of apartments.

### The Ring in Denmark.

The maidens of Denmark never receive a diamond engagement ring. They are always presented with a plain gold band, which is worn on the third finger of the left hand. On the wedding day the bridegroom changes the ring to the right third finger, which is the marriage finger in that country.

### Mourning Veils.

The custom of veiling the face when in deep sorrow is worldwide.

### Bridal Favors.

Bridal favors are of Danish origin. For instance, the true lover's knot was a Danish fancy and took its name from the expression "True-love"—"I plight my troth."

### Chief Justice White Was an Officer In Confederate Army

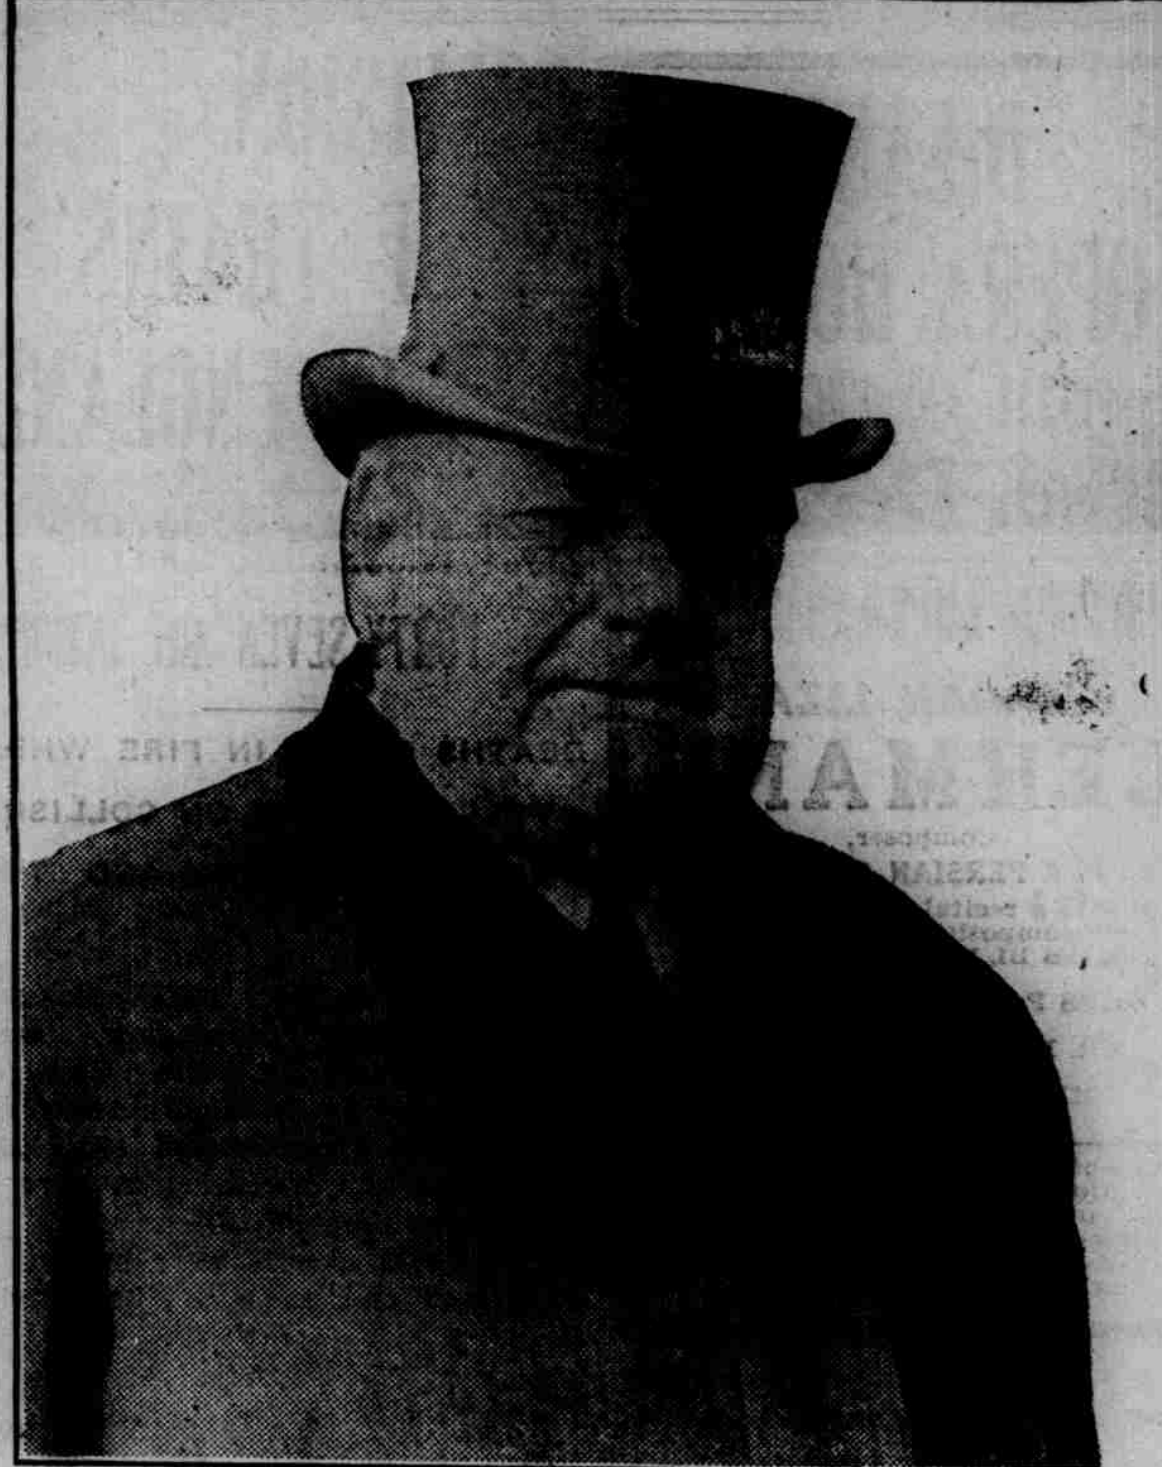

Photo by American Press Association.

The new head of the United States supreme court probably is the only man ever placed in that exalted position who is an accomplished pianist. Chief Justice White's main diversion is the piano. It is a source of self entertainment, through which he gets relief from the cares of ponderous judicial thought and research. But he rarely plays for the entertainment of friends. Persons on his visiting list frequently have entered his residence and surreptitiously listened to his manipulation of the keys with rapt enjoyment. When discovered he has shown embarrassment, sometimes annoyance. On one occasion while strolling with his chum, Associate Justice Holmes, Justice White entered a music store and seated himself at a piano. Running his fingers over the keys with dexterity, he astounded the Massachusetts jurist with the strains of an aria from an opera they had attended the evening before and the fine points of which they had been discussing on their walk. In a jiffy a pleased crowd assembled. But so absorbed was Justice White that he did not notice his audience until from memory he had rendered the aria, which he had not played for years. When he saw the crowd he blushed and hurried through a rear door.

**Woman's weapon is the pin**  
 Wherever she may roam—  
 The hatpin when she is abroad.  
 The rolling pin at home.

## COLLISION OF TRAINS IN ENGLAND.

EIGHT PASSENGERS KILLED;  
FORTY-SEVEN ARE INJURED.

DEATHS OCCUR IN FIRE WHICH  
FOLLOWS HEAD ON COLLISION  
BETWEEN TRAIN AND TWO  
ENGINES.

NEW CASTLE ON TYNE, England, Dec. 24—Eight passengers were burned to death in a fire which followed a head on collision between the fast Scotch Express and two locomotives in the northeastern part of Kirby near Stephen today. Forty-seven people were injured in the wreck and some of them may die.

Wreck on I. C.  
MEMPHIS, Tenn., Dec. 24—Passenger train No. 24 on the Illinois Central was wrecked at Simpson, Miss., today, and Fireman John Hamilton was killed. Engineer Miller and several passengers were injured, some of them seriously.

## WHOLE OF PARTY KILLED BY ESCAPING GAS FUMES.

ALL NIGHT CELEBRATION OF  
THE CHRISTMAS SEASON ENDS  
TRAGICALLY IN TOWN IN OHIO.

KENTON, O., Dec. 24—Six persons were killed early today by gas fumes, which caused the death of all members of a merry party which had been carrying on an all night Christmas celebration in a room in the Sulz block. Somebody blew out the gas and the fumes escaped and filled the room.

Capt. Ben F. McCoy was in the city this morning from Holly Hill. Capt. McCoy returned Wednesday from his trip down the coast waters with Governor Gilchrist and party aboard the steamer Constitution.

## BROKEN JAW FOR BROOKS IS REPORT.

RUMOR OF FIGHT ON BEACH  
IN WHICH ONE MAN IS HURT.

STORIES BEING CIRCULATED OF  
AN ENCOUNTER BETWEEN TWO  
EMPLOYEES OF THE GENEVA  
RESTAURANT.

With his lower jaw broken and one thumb in the same condition as the result of an encounter at Daytona Beach Wednesday evening, William Brooks, an employee of the Geneva restaurant at Daytona Beach, seems to have arranged a meeting with Hock on the beach Wednesday evening and the two men are reported to have started in to settle their misunderstanding in real pugilistic style.

According to the best accounts obtainable of the encounter the two men, both of whom are said to have been employees of the restaurant, are reported to have had a disagreement several days previous, the result of which was a blackened eye for Brooks. Determined to have a settlement Brooks is said to have arranged a meeting with Hock on the beach Wednesday evening and the two men are reported to have started in to settle their misunderstanding in real pugilistic style.

As the story goes, it was during the third round when Brooks aimed a telling blow at his opponent's head and received a broken thumb, while at the same time Hock landed a real blow on the point of Brooks' jaw, which broke the bone, and the fight was over.

The services of a dentist and surgeon are said to have been required to patch up Brooks and Hock is said to have taken the first train out of the city.

Arthur Hart arrived recently from Jacksonville to assist in the Mills barber shop during the season.

\*Cut flowers for sale, 1st house east Despland hotel. Orders taken. 21-6f

Capt. Geo. A. Rowe is piloting a boat down the river, having left Thursday. A card from Ft. Pierce states they were having a fine trip.

Miss Mary Mabbett came down from St. Augustine last night to spend Christmas with her mother, Mrs. I. M. Mabbette, at The Hamilton, on Palmetto avenue.

John Kolle, Jr., arrived today from Brooklyn, N. Y., for a visit of ten days or more with his parents, Mr. and Mrs. John Kolle, at their winter home on Second avenue.

L. G. Lyman and family will eat for their Christmas dinner a fine, fourteen pound Ohio turkey, presented to Mr. Lyman by C. N. Pence who laughingly promised him the bird last winter.

Leon Despland, Jr., arrived today from Atlanta, Ga., where he is attending the Atlanta School of Technology, to spend the holidays with his parents at their home on Magnolia avenue.
